POLICE GRANT

The Arizona Governor's Office of Highway Safety recently awarded the Safford Police Department \$7500.00 in Grant overtime funding to assist Officers with off duty traffic control details. The goal of the Highway Work Zone Safety Grant is to reduce the incidence of traffic fatalities and injuries in roadway work zones resulting from distracted & aggressive driving, speeding, red light running and other forms of risky driving behavior through enforcement, education and public awareness throughout the State of Arizona. The City of Safford and the Safford Police Department appreciate the continuing and vital support from the Arizona Governor's Office of Highway Safety. Together, we can make our city streets and roadways safer for our citizens, visitors and motorists.
