## *Hot Spot Lending*

The Safford-City Graham County Library has established a Wi-Fi hotspot lending program to provide patrons in our community with high-speed internet access. With this program, students can use the Internet for help with homework and projects, job seekers can search and apply for jobs, and patrons can have home access to the library's digital resources such as our databases, eBooks, eMagazines and eAudiobooks, as well as general access to the internet.

Patrons will be able to take advantage of our Wi-Fi hotspot lending program with a Safford Library card that is in good standing (i.e. library card is not blocked due to unpaid fines or lost material). Patrons must be over 18 and have a full use card.

The Wi-Fi Hotspot Lending Program is supported by the Arizona State Library, Archives & Public Records, a division of the Arizona Secretary of State, with federal funds from the Institute of Museum and Library Services.
