

## SAFFORD SWIM TEAM

The Safford Bull Sharks had a great season of training and testing their skills against other local swim teams. On one day during the season, swimmers were challenged on distance to swim as many laps as they could, with a few who were able to swim over a mile!

Safford's Swim Team, aka the "Safford Bull Sharks" was made up of 67 swimmers for the 2019 season. Each season Safford, Thatcher, Pima, and Morenci compete against each other in Friday evening swim meets leading up to a final swim meet where each town brings the league's top 8 swimmers of each event to compete.

Thanks to Coach Culver, Safford Lifeguards who assist with swim team practices and meets, and all of the swimmers for giving it your all this season!

## SAFETY MESSAGE

It's already August! Within the next couple of weeks, you'll notice an increase in traffic due to area students and staff returning to school. Please be vigilant of bicyclists, skateboarders, scooters, and students walking to school. If you witness violations of school zone or school bus safety laws, please don't hesitate to notify the Police Department. Together, we can help make our students and school zones safer! The Arizona Governor's Office of Highway Safety and the Safford Police Department would like to remind everyone to buckle up and be cautious of distracted drivers.
